Dave has lived a very interesting, diverse and active life. Started his studies of the Martial Arts at the young age of twelve; Dave instantly was drawn to meditation and the powers of the mind. By 14, he was practicing the mental arts of projections and blocking while engaged in sparing matches. Dave spent hours a day for years developing his 'key' and 'chi' and entering the meditative state of 'mushin'. Dave was asked to run the Naha Te Dojo in Laconia, NH at age 16, making him the youngest Sinsi of Uechi-Ryu Karate in the Country.

Enlisting in the Navy at the age of 18, Dave was off to see the world. He was drawn to apply for BUD/s training in Coronado, CA. After boot camp, Dave found himself participating in the most grueling military training known in the world today... His final goal set on being a revered Navy SEAL. Dave set his intention and graduated SEAL training. He spent the several years in SEAL Team 2, located in Virginia Beach, VA. Excelling in the SEAL Teams was no exception to Dave's outstanding life, as he was one of the youngest and most talented operators in SEAL Team 2.

When his military tour was finished, Dave Joined the Ski Patrol at his local New Hampshire ski area. Later that year he applied to Music School and was soon on his way to Minneapolis, MN. Dave graduated Music Tech College of Music and transferred to another Minnesota college, where he studied psychology and philosophy mainly. It was here Dave was first introduced to Lucid Dreaming and Sprit Guides. During his college years, Dave took the time to travel, pursuing adventures in scuba diving, rock climbing, mountain biking and downhill skiing. Colorado, California, Florida Keys, and the Caribbean were on his quarterly travel schedule. Dave's motto is to "live life to it's fullest. Don't let opportunities pass you by. Get up, Get out, and Go For It!" And he is a living testament to his own doctrine.

Dave finally moved back to NH, and started his own Scuba Diving Shop and Marine Construction Company. He has also owned a web development company, an outdoor equipment store and does business consulting. And of course, plays in rock bands as a guitarist and singer! But throughout his life Dave has never lost his love for meditation, motivational psychology and philosophical issues. He friends endearingly call him either 'the Consoler' 'Mr. Motivation' or 'the Oracle of all Knowledge.' I guess it was needless to mention that since a very young age, friends were drawn to seek advice and counsel on a routine biases.

Several years ago, Dave started to reconnect with his sprit and trust his instincts and gut feelings more. This drew him to more meditation and alone time. He spent days alone hiking the mountains of New Hampshire with his Dog. During this time, Dave realized it was time for a change.

Dave began meditation for a few hours a day and was reading several books a month on spiritual and metaphysical subjects. Throughout his reading, he had a strong sense of familiarity with each subject and author he read, as if sometime in his past he had known it all before. But, he kept reading and studying... Dave knew his path was to write books and articles and give speeches and workshops to motivate and help others find their way in life.

Now, Dave is writing books on motivation, empowerment and spirituality. He gives lectures and talks about Empowerment & Motivation, Finding your Power, Connecting with Bliss and many other metaphysical subjects. Dave teaches private scuba diving lessons and still has a love for his marine construction company, but his heart is in being a spiritual teacher, life coach and motivational mentor.

Dave has learned to follow his heart and fulfill he life's purpose, by helping others and businesses with life issues and spirituality. His focus is on empowerment and manifesting and releasing old, negative habits. He is incredibly intuitive, and can see to the root of situations. Through his website, workshops and writings, Dave has helped many find their power and truth, fulfilling his dreams and destiny at the same time.
