

# Connecting with the *Bliss of Life*

Becoming a *Bliss Technician™* with...

## David Michael Ferruolo

Author, Motivational Speaker and former Navy SEAL

Stress is a common buzzword in today's society. Frustration, anger and dissonance are prevalent in people and communities across the globe. Habituated and satisfied with this mediocrity, we shelve out thoughts of living peacefully and accept this angry, negative world as the way it is...

What if... There was a better way to live in peace and harmony every day?

What if... You could be in a peaceful, serene state of mind, regardless of circumstance?

What if... Connecting with the bliss of life is a choice you can make right now?

By incorporating the techniques within Connecting with the Bliss of Life, you can learn to become your own *Bliss Technician™* and make peace and happiness your number one daily goal. When we finally realize we have a choice of how to react to our situations, we can choose to connect with bliss and no longer allow the negativity and stresses of the world to affect us.

You can easily be an island of peace and calm in this hectic world, but you have to consciously choose to rise above self-imposed mediocrities. The world is duality—good and bad exist simultaneously, but it is how we choose to view our circumstances that dictate if we live in peace or chaos. No matter what the situation, you can choose to be a *Bliss Technician™* and live a peaceful, fulfilling life!
